Next review due by: July 2025

Adopted on : 20/09/ 2024
To be reviewed: September 2025

Ruby Country Hub Schools

Special Educational Needs & Disabilities (SEND) Policy

2024/25

Context

This policy was developed in consultation with parents/carers, staff and pupils of the school community and pays due regard to;

- The SEND Code of Practice: 0 to 25 years, July 2014
- Part 3 of the Children and Families Act 2014 and associated regulations
- Equality Act 2010. Advice for schools (2014)
- School SEN Report regulations (2014)
- Statutory guidance on supporting children in school with medical conditions (2015) • Accessibility Plan *2019 - 2022

Governor responsible for SEN:

Principals:

Sarah Counter, Bridgerule.
Jo Luxford, Bradford, Highampton and Black Torrington

SENDCo:

Beverley Pickett-Jones

Assistant SENDCO:

Emma Winter

SENDCo Qualifications:

MA Ed (SEN), NASENCO , NPQH
SENDCO is a member of the SLT

This policy will be reviewed annually

Reviewed: July 2024

Governor reviewed: September 2024

Special Educational Needs and Disability (SEND) Policy

This policy is in line with our teaching and learning policy and equality of opportunity policy; it aims to support inclusion for all of our children. The responsibility for the management of this policy falls to the Principals; the day-to-day operation of the policy is the responsibility of the Special

Educational Needs Co-ordinator (SENDCo). The LSB, Principals and the SENDCo will work together closely to ensure that this policy is working effectively.

High quality teaching is that which is differentiated to meet the needs of the majority of pupils. Some pupils will need something **additional to** and **different from** what is provided for the majority of pupils; this is special educational provision and we will use our best endeavours to ensure that our schools constantly strive to be inclusive, positive and have better outcomes for all children.

Ruby Country Hub Schools within the Dartmoor Multi Academy Trust will do their best to ensure that the necessary provision is made for any pupil who has special educational needs or disabilities. We will ensure that all staff in the school are able to identify and provide for those pupils who have special educational needs or disabilities to allow pupils with SEND to join in the activities of the school.

The LSB Of Ruby Country Hub Schools will also work to ensure that all SEND pupils reach their full potential, are fully included within the school community and are able to make successful transfers between educational establishments. This policy aims to support all members of staff in providing positive whole school approaches towards the learning, progress and achievement of SEND pupils. With this as an underlying principle, we believe that:

All teachers are teachers of Special Educational Needs.

Every teacher is responsible and accountable for the progress and development of all pupils in their class even where pupils access support from teaching assistants or specialist staff.

Teaching and supporting pupils with SEND is therefore a whole school responsibility requiring a whole school response. Meeting the needs of pupils with SEND requires partnership working between all those involved – Local Authority (LA), school, parents/carers, pupils, children's services and all other agencies.

School Admissions

No pupil will be refused admission to school on the basis of his or her special educational need. In line with the Equality Act 2010 we will not discriminate against disabled children in respect of admissions for a reason related to their disability. We will use our best endeavours to provide effective educational provision.

Aims and Objectives

Aims

What do we want for our pupils with SEN and disability?

To provide an inclusive structure for a pupil-centred process that engages pupil, family, school and other professionals in planning for and implementing high quality, needs led provision that is consistent across the school. This is to ensure all of our pupils are able to access the same opportunities for learning and social development achieving maximum progress, fulfilling their potential and promoting their well-being.

For pupils achieve their best.

For pupils become confident individuals who live fulfilling lives.

For pupils make a successful transition to their next phase of education (keeping in mind the goal to making a successful transition into adulthood).

Objectives – how will we do this?

The SEND Policy of Ruby Country Hub reflects the principles of the 0-25 SEND Code of Practice (2014). The aims of this special educational needs policy are to:

- Ensure the Equality Act 2010 duties for pupils with disabilities are met;
- To enable pupils with special educational needs to have their needs met;
- To take into account the views of the pupils with special educational needs;
- To encourage good communication and genuine partnerships with parents/carers of children with special educational needs;
- To facilitate full access to a broad, balanced and relevant education, including an appropriate curriculum for the foundation stage and the National Curriculum, for pupils with special educational needs;
- In conjunction with the Medical Policy make arrangements to support pupils with medical conditions and to have regard to statutory guidance supporting pupils at school with medical conditions;
- To implement a graduated approach to meeting the needs of pupils using the Assess, Plan, Do, Review process;
- Develop a culture of inclusion valuing high quality teaching for all learners, with teachers using a range of effective differentiation methods;
- Employ a collaborative approach with learners with a SEN or disability, their families, staff within school, other external agencies including those from Health and Social Care;
- Set appropriate individual learning outcomes based on prior achievement, high aspirations and the views of the learner and family;
- Share expertise and good practice across the school and local learning community;
- Make efficient and effective use of school resources;
- Have regard to the Code of Practice (2014) for the identification, assessment, support and review of special educational needs;
- Have regard to guidance detailed by Devon County Council.

Identifying and supporting Special Educational Needs & Disabilities

Definition of SEN

Pupils have special educational needs if they have a learning difficulty or disability which calls for special education provision to be made for him/her namely provision ***which is additional to or different from*** that normally available in a differentiated curriculum. The Ruby Country Hub regards pupils as having a Special Educational Need if they:

- a) Have a significantly greater difficulty in learning than the majority of pupils of the same age, or;
- b) Have a disability which prevents or hinders him/her from making use of facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions
- c) A child under compulsory age has special educational needs if they fall within the definition at (a) or (b) above or would do so if special educational provision was not made for them (Section 20 Children and Families Act 2014)

Pupils must not be regarded as having a learning difficulty solely because the language or form of language of their home is different from the language in which they will be taught.

Ruby Country Hub Schools will have regard to the SEND Code of Practice 2014 when carrying out its duties towards all pupils with SEND and ensure that parents/carers are informed by the school that SEND provision is being made for their child.

There may be times in a pupil's school career when they are identified as having a Special Educational Need.

These pupils will be provided with intervention and/or support that is 'additional to or different from' the normal differentiated curriculum. This may be on an ongoing basis or for a limited time. Many pupils with sensory and/or physical disabilities may require adaptations, made as reasonable adjustments under the Equality Act 2010 (amended 2014)

Areas of Special Educational Need

Under the SEND Code of Practice 2014 pupils identified as having a special educational need (SEN) will be considered within one or more of the following categories of need:

Cognition and Learning;

Children with learning needs may learn at a slower pace than other children and may have difficulty developing literacy or numeracy skills or understanding new concepts. Learning needs may be in addition to or as a result of other special educational needs.

Children with a specific learning difficulty (SpLD) will have difficulties related to one or more of dyslexia (reading and spelling), dyscalculia (maths), dyspraxia (co-ordination) and dysgraphia (writing).

Learning difficulties cover a wide range of needs, including moderate learning difficulties (MLD), severe learning difficulties (SLD), where children are likely to need support in all areas of the curriculum and associated difficulties with mobility and communication, through to profound and multiple learning difficulties (PMLD), where children are likely to have severe and complex learning difficulties as well as a physical disability or sensory impairment.

Cognition and Learning needs include:

- Specific learning difficulties (SpLD)
- Moderate learning difficulties (MLD)
- Severe learning difficulties (SLD), and
- Profound and multiple learning difficulties (PMLD)
- Developmental Delay. Global Developmental Delay, Pervasive Developmental Delay
- Auditory Processing Delay, Central Auditory Processing Delay, Neuro Developmental Delay and DAMP (Deficit in Attention, Motor Control and Perception)

Social, Emotional and Mental Health Difficulties

Children may experience a wide range of social and emotional difficulties which manifest themselves in many ways. These may include becoming withdrawn or isolated, as well as displaying challenging, disruptive or disturbing behaviour. These behaviours may reflect underlying mental health difficulties such as anxiety or depression, self-harming, substance misuse, eating disorders or physical symptoms that are medically unexplained.

Other children may have disorders such as attention deficit disorder, attention deficit hyperactive disorder or attachment disorder.

Social, Emotional and Mental Health Difficulties include:

- ADD
- ADHD
- Attachment Disorder
- FASD (Foetal Alcohol Syndrome Disorder)

Communication and Interaction needs

Children with speech, language and communication needs (SLCN) have difficulty in communicating with others. This may be because they have difficulty saying what they want to, understanding what is being said to them or because they do not understand or use social rules of communication.

The profile for every child with SLCN is different and their needs may change over time. They may have difficulty with one, some or all of the different aspects of speech, language or social communication at different times of their lives. Children with autism are likely to have particular

difficulties with social interaction. They may also experience difficulties with language, communication and imagination, which can impact on how they relate to others.

Communication and Interaction needs include:

- Speech, language and communication needs (SLCN)
- Autism
- Tourette's Syndrome
- Social Anxiety Disorder

Sensory and/or Physical needs

Some children require special educational provision because they have a disability and this prevents or hinders them from making use of the educational facilities generally provided. These difficulties can be age related and may fluctuate over time.

Many children with vision impairment (VI), hearing impairment (HI) or a multi-sensory impairment (MSI) will require specialist support and/or equipment to access their learning. Children with an MSI have a combination of vision and hearing difficulties. Some children with a physical disability (PD) require additional ongoing support and equipment to access all the opportunities available to their peers.

Sensory and/or physical needs include:

- Visual impairment (VI)
- Hearing impairment (HI – including Deaf and hearing impairment) • Multi-sensory impairment (MSI - sometimes referred to as Deafblind)
- Physical disability (PD).

A Graduated Response to SEND

Early Concerns

The progress made by all pupils is regularly monitored and reviewed. Initially, concerns registered by teachers, parents/carers or other agencies are addressed by appropriate differentiation/support within the classroom and a record is kept of strategies used. This can be then used in later discussions if concerns persist.

How we identify and support pupils with SEN

All pupils' attainment and achievements are monitored by their teacher who is required to provide high quality teaching and learning opportunities differentiated for individual pupils. Where a pupil is making inadequate progress or falls behind their peers, additional support will be provided under the guidance of the class teacher. Adequate progress could:

- Be similar to that of peers;
- Match or better the pupils' previous rate of progress;
- Close the attainment gap between the pupil and their peers;
- Prevent the attainment gap growing wider.

Where pupils continue to make inadequate progress despite support and high quality teaching, the class teacher will work with the school's Special Educational Needs Coordinator (SENDCo) to assess if a pupil has a significant learning difficulty and agree appropriate support. Details of assessment tools and materials used in our school can be found in **Appendix 1**.

In some cases it may be necessary to seek assessment by or advice from an external professional such as a specialist teacher or educational psychologist. This will always involve discussion and agreement with the pupil's parents/carers.

When considering whether a pupil has a special educational need any of the following may be evident:

- Makes little or no progress even when teaching approaches are targeted particularly in a pupil's identified area of weakness;
- Shows signs of difficulty in developing literacy or mathematics skills which result in poor attainment in some curriculum areas;
- Persistent emotional or behavioural difficulties which are not ameliorated by appropriate behaviour management strategies;
- Has sensory or physical problems and continues to make little or no progress despite the provision of specialist equipment;
- Has communication and /or interaction difficulties and continues to make little or no progress despite the provision of an appropriate differentiated curriculum.
- Has emotional or behavioural difficulties which substantially and regularly interfere with the pupil's own learning or that of the class groups, despite having an individualised behaviour support programme;
- Has SEND or physical needs that require additional specialist equipment or regular advice or visits by a specialist service;
- Has a communication and/or an interaction difficulty that impedes the development of social relationships and cause a substantial barrier to learning.

The purpose of identification is to work out how the school can best support a child, not to fit the pupil into a category. We consider the needs of the whole child, not just the special educational needs of the person.

These factors are not SEN, but we recognise that they may impact on the progress and attainment of a child:

Disability (the Code of Practice outlines the 'reasonable adjustments' duty for all settings and schools provided under current legislation – these alone do not constitute SEN).

Attendance and punctuality

Health and welfare

EAL

Being in receipt of PPG

Being a Looked after Child

Being a child of a Servicewoman/man

Assess, Plan, Do and Review

Where a pupil is identified as having SEN, we will take action to support effective learning by removing barriers to learning and put effective special educational provision in place. This **SEN support** will take the form of a four-part cycle through which earlier decisions and actions are revisited, refined and revised with a growing understanding of the pupil's needs and of what supports the pupil in making good progress and securing good outcomes. This is known as **the graduated approach – assess, plan, do, review**.

For pupils with low level special educational needs the cycle of **Assess, Plan, Do** and **Review** will fit into the regular termly assessment and planning cycle for all pupils. These are known as Pupil Progress Meetings. For those pupils with more complex needs or for who a more frequent cycle needs to be employed additional meeting dates will be set and will include the termly Pupil Progress Meetings.

Graduated Response

Assess

- In identifying a pupil as needing **SEN support** the class teacher, working with the SENDCo, should carry out a clear analysis of the pupil's needs. This should draw on the teacher's assessment and experience of the pupil, their previous progress and attainment, as well as information gathered from other areas of the school.
- The pupil's development in comparison to their peers and national data should also be considered along with the parent's views and experience, the pupil's views and, if relevant, advice from external support services. If considered necessary, these will be recorded on an Early Help Assessment (and may progress to an Early Help Plan and a request for additional funding). The school and parents/carers will meet, where appropriate, with other agencies including those from Health and Social Care to create and up-date the Early Help Assessment (or EH Plan) in the form of a Team Around the Family Meeting (TAF).
- This assessment will be reviewed regularly to ensure support and intervention are matched to need, barriers to learning are identified and overcome so that a clear picture of the interventions put in place and their impact is developed. With some areas of SEN, the most reliable method of developing a more accurate picture of need will be the way in which the pupil responds to an intervention.

Plan

- Parents/carers, with their child, will meet with the class teacher, key teaching assistant and the SENDCo to decide on the interventions and support to be put in place as well as the expected impact on progress and development. This will be recorded on an Individual Learning Plan with a date to review the plan. The date for review will depend on the level of need present.
- The Individual Learning Plan (ILP) will clearly identify the areas of needs, the desired outcomes, the support and resources provided, including any teaching strategies or approaches that are required and when the ILP will be reviewed.

- The support and intervention provided will be selected to meet the outcomes identified for the pupil, based on reliable evidence of effectiveness and will be provided by staff with appropriate skills and knowledge.
- The ILP will usually involve a contribution by parents/carers to reinforce learning at home.
- Where appropriate, the ILP will detail the support from other agencies and how this will support the pupil in achieving the desired outcomes.
- Parents/carers will then be formally notified by letter when it is decided to provide a pupil with SEN support (although parents/carers should have already been involved in the assessment of need).
- **So, if it is agreed that a pupil requires SEN support, all parties meet and develop an ILP detailing the support which will bring about the next part of the cycle:**

Do

- The class teacher remains responsible for working with the pupil on a daily basis and will work closely with any teaching assistants or specialist staff involved, to plan and assess the impact of support and interventions and how they can be linked to classroom teaching.
- The SENDCo will support the class teacher in the further assessment of the pupil's needs, in problem solving and advising on the effective implementation of support.
- **The class teacher is responsible for the daily implementation of the plan.**

Review

- There will be a review of the ILP on the date previously agreed. This review will evaluate the impact and quality of the support and interventions and include the views of the pupil and their parents/carers.
- Parents/carers will be given information about the impact of the support and interventions provided enabling them to be involved with planning the next steps. Where appropriate other agencies will be asked to contribute to this review.
- Where a pupil has complex needs involving more than one agency it will depend on the pupils needs and the frequency of the educational reviews as to whether external agencies attend each educational review.
- This review will feedback into the analysis of the pupil's needs, then the class teacher, working with the SENDCo, will revise the support in light of the pupil's progress and development, with decisions on any changes made in consultation with the parent and the pupil.
- Where there is a sustained period of insufficient or no progress, the school may decide to gain involvement and advice from a specialist or external agency. The school will consult with parents/carers before involving a specialist or external agency.

Exit Criteria

When a pupil has made sufficient progress in their area of need that they no longer require any provision that is ***different from or additional to*** that which is normally available as part of high quality and differentiated teaching they will no longer be seen as requiring SEN Support. At this point, through discussion and agreement with parents/carers the pupil will be removed from the schools SEN register.

Early Identification

The SENDCo works in close collaboration with the FSU staff and EYFS teacher to ensure that needs are identified at the earliest point. Where there are concerns about a child, the SENDCo may complete observations and add the child to a 'Watching' document in consultation with parents and staff.

This document detail a child's strengths and interests, areas of need and current attainment. It lists any interactions and monitors the impact of these. When this is reviewed, if minimal progress has been made after 2 waves of targeted interventions, the child may be laced on the SEN register.

What provision do we have to meet pupil needs?

a) Class teacher input, via excellent targeted classroom teaching (Quality First Teaching).

This would mean:

- That the teacher has the highest possible expectations for the child and all pupils in their class.
- That all teaching is built on what the child already knows, can do and can understand.
- That different ways of teaching are in place, so that the child is fully involved and included in learning in class.
- That specific strategies (which may be suggested by the SENDCo) are in place to support the child to learn well.

For example:

Our teachers will use a variety of strategies to enable access to the curriculum, this might include using:

Visual timetables

Task boards

Writing frames

I-pads, lap tops or other alternative recording devices – sometimes with predictive software or voice recognition software.

Transition passports (for students identified with ASC)

Written instructions (Post-it notes, mini white boards, on the main board, etc.) Physical aids

The type and level of support is dependent on the individual's learning needs, and is broadly categorised into three levels:

Universal Provision (Quality First Teaching to whole classes making use of differentiation), **Targeted Provision** (intervention work carried out with small groups - for instance, additional support with reading) and **Specialist Provision** (work carried out on an individual basis, often using specialist advice).

- In class support for small groups with a teaching assistant or teacher.
- Small group intervention with teaching assistant or teacher.
- Individual class support
- Personalised individual timetables and behaviour support plans.
- Further development of resources – for example, personalised word banks or sound maps.
- Selected interventions.
- Boxhall Profile assessments and plans
- Outside agency recommended interventions
- Care Farm and Wild Tribe activities

This support is described on a provision map, which we review regularly, following the **assess, plan, do and review** process as our students and their needs change.

b) Targeted intervention work (either 1:1 or in a group) Intervention

which may be:

- Run in the classroom or outside of class if a specific environment is needed •
- Run by a teacher, teaching assistant (TA) or an intervention teacher.

c) Personalised learning targets

Within Ruby Country Hub Schools, teachers will work with parents, the child and the SENDCo to decide what interventions and support need to be put in place for children identified as requiring additional provision. Small, measurable, achievable, relevant and time-dependant (SMART) targets will be identified. This will be recorded on the ILP with a date to review the plan.

Statutory Assessment of Needs (EHC)

Where, despite the school having taken relevant and purposeful action to identify, assess and meet the Special Educational Needs and/or Disabilities of the pupil, the child has not made expected progress, the school or parents/carers should consider requesting an Education, Health and Care (EHC) needs assessment. The evidence gathered through the regular review of the My Plan and additional information from other agencies will help the Local Authority (LA) in determining when this statutory assessment of needs is required.

Where a pupil has an Education Health and Care Plan (EHCP), the Local Authority must review the plan every twelve months as a minimum. Schools have a duty to co-operate so ANY School will hold annual review meetings on the behalf of Devon LA and complete the appropriate paperwork for this process.

Monitoring and Evaluation of SEND

Regular monitoring of the quality of provision for all pupils including those with SEND follows the schools assessment and monitoring calendar. In addition the cycle of Assess, Plan, Do and Review ensures that pupils with SEND have their individual provision reviewed regularly, and at least termly. Additional training, advice and support will be provided to teaching staff where necessary in order to facilitate pupil progress and to meet pupil needs.

Pupil progress is tracked half-termly and where pupils are not making sufficient progress additional information is sought and appropriate action taken.

Supporting Pupils and Families

We value and accept the positive role and contribution parents/carers can make. We make every effort to work in full co-operation with parents/carers, recognising and respecting their roles and responsibilities. Parents/carers are encouraged to work with the school and other professionals to ensure that their child's needs are identified properly and met as early as possible.

In order that they play an active part in their child's development, the school endeavours to provide parents/carers with the relevant information so they can reinforce learning in the home.

Within Ruby Country Hub Schools, we endeavour to support parents/carers so that they are able to:

- Feel fully supported and taken seriously should they raise a concern about their child
- Recognise and fulfil their responsibilities and play an active and valued role in their child's education
- Understand procedures and documentation
- Make their views known about how their child is educated
- Have access to information, advice and support during assessment and any related decisionmaking process about special educational provision.

Parents/carers of a child with SEND support will have the opportunity to meet with the SENDCo at least **3** times a year formally. The SENDCo is happy to meet with parents/carers, without prior arrangement, whenever possible; parents can also make appointments with the SENDCo.

Parents/carers are encouraged to seek help and advice from Independent Information Advice and Support services, including Devon Parent Partnership (DPP). These are able to provide impartial and independent advice, support and information on special educational needs and disabilities.

Parents/carers are also encouraged to visit the Devon County Council Local Offer website www.devon.gov.uk/send. This website provides valuable information about different agencies, services and resources for children, young people with SEND and their families in addition to school resources and information.

Children in Care:

When a child is in care, the carers are accorded the same rights and responsibilities as parents. The school has both an appointed member of staff and a governor for Looked after Children.

Partnership with External Agencies

The School is supported by a wide range of different agencies and teams. The schools SEN Information report details which agencies the school have worked with in the last 12 months. This report can be found on the school website and is up-dated annually.

Where a pupil continues to make less than expected progress, despite evidence based support and interventions matched to the pupil's area of need, outside agencies or specialist services may be involved. Parental consent is always sought before referrals are made.

Supporting Pupils and families – having a voice

We value, listen to and act upon the views and contributions of parents and pupils. We recognise that pupils and pupils have the right to be involved in decision making.

We work in partnership with **parents** in various ways. These include providing an open door approach, using questionnaires, termly Parent forums, regular telephone and e mail contact where appropriate and provide SENDCo e mail address as another means of communication.

We work in partnership with **pupils** in various ways. These include involving pupils in reviewing their progress and targets on a termly basis, involving pupils in their annual reviews, using questionnaires to get pupils' feedback and regular informal chats with pupils about how they are feeling about lessons, interventions and school life.

Some families are supported through the Early Help process where there is a need for a multiagency response. Regular TAF meetings are used to involve agencies and form appropriate plans to improve outcomes for children.

Transition

A change of school, class and staff can be an exciting, yet anxious time for all pupils. We recognise that this can be very challenging for some pupils with SEND. We endeavour to make sure these periods of change are carefully managed in a sensitive way to provide continuity of high quality provision and reassurance to pupils and families. Our processes for transition are explained further in **Appendix 2**

Training and Resources

Allocation of resources

- Resources are allocated to support children with identified needs as identified previously.
- Each year we map our provision to show how we allocate human resources to classes; this is reviewed regularly and can change during the academic year, responding to the changing needs within our classes.
- This support may take the form of differentiated work in class, support from a Teaching Assistant (TA) in focused intervention in groups, or for individuals.
- Specialist equipment, books or other resources that may help the pupil are purchased as required

Continuing Professional Development (CPD) for Special Educational Needs

- All staff at the school engage in regular training sessions when Quality First Teaching is addressed.
- The SENDCO and other SLT members provide termly CPD to staff in school in specific aspects of meeting the needs of pupils with SEN – a programme covering a variety of SEN is offered and staff can sign up to the sessions which best meet their CPD needs.
- All staff have regular CPD meetings. The progress of all pupils including those with SEND is a core aspect of the appraisal process and appraisal targets will look at how to develop staff skills in meeting individual pupil needs as necessary.
- Teaching assistants are engaged in an ongoing training whereby the role of the teaching assistant is developed.
- External trainers are brought in periodically to address more specialist training needs such as dealing with specific medical conditions (e.g. epilepsy) or to train staff in the use of specific interventions.
- Peer support and guidance is available daily for all staff in school and some of the best training development occurs through professional dialogue with colleagues looking at meeting the specific needs of a pupil.

Funding

Funding for SEN in mainstream schools is mainly delegated to the schools' budget. It is the expectation that schools provide support to their pupils with SEN from their SEN budget. Where a pupil requires an exceptionally high level of support that incurs a greater expense, the school can make a request for an EHC Plan assessment.

The school will need to be able to demonstrate how it has spent the funding to date and the impact of this as well as demonstrating why further additional funding is required and how it would be used. This additional funding is then paid from the local authority into the school's budget.

Personal Budgets

Personal Budgets are only available to pupils with an Education, Health and social Care Plan (EHCP) or pupils who are currently under-going a needs assessment for an EHCP. Funding can be made available to parents/carers as a personal budget for them to commission their own provision for their child under certain conditions.

Parents/carers who would like to enquire further about using the personal budget should speak in the first instance to the SENDCo.

Roles and Responsibilities

Provision for pupils with special educational needs is a matter for the school as a whole. In addition to the Academy Committee, Head Teacher and SENDCo, all members of staff have important responsibilities.

Local School Board:

The Academy Committee endeavours to follow the guidelines as laid down in the SEND Code of Practice (2015) to:

- use their best endeavours to make sure that a child with SEN gets the support they need – this means doing everything they can to meet children and young people’s Special Educational Needs
- ensure that children and young people with SEN engage in the activities of the school alongside pupils who do not have SEN
- designate a teacher to be responsible for co-ordinating SEN provision – the SEN coordinator, or SENDCO.
- inform parents/carers when they are making special educational provision for a child
- in conjunction with the SENDCo, prepare an SEN information report and their arrangements for the admission of disabled children, the steps being taken to prevent disabled children from being treated less favourably than others, the facilities provided to enable access to the school for disabled children and their accessibility plan showing how they plan to improve access progressively over time

Principal:

The Principal has responsibility for the day-to-day management of all aspects of the school’s work, including provision for children with special educational needs. The Principal will keep the LSB fully informed on Special Educational Needs issues. The Principal will work closely with the SENDCo and the Governor with responsibility for SEND.

SENDCo:

In collaboration with the Principal and LSB, the SENDCo determine the strategic development of the SEND policy and provision with the ultimate aim of raising the achievement of pupils with SEND.

The SENDCo takes day-to-day responsibility for the operation of the SEND policy and co-ordinates the provision for individual children, working closely with staff, parents/carers and external agencies. The SENDCo provides relevant professional guidance to colleagues with the aim of securing high quality teaching for children with special educational needs.

Through analysis and assessment of children's needs, and by monitoring the quality of teaching and standards of pupils' achievements and setting targets, the SENDCo develops effective ways of overcoming barriers to learning and sustaining effective teaching.

The SENDCo liaises and collaborates with class teachers so that learning for all children is given equal priority.

The principle responsibilities for the SENDCo include:

- Overseeing the day-to-day operation of the SEND policy
- Co-ordinating provision for SEND pupils and reporting on progress
- Advising on the graduated approach to providing SEN support – Assess, Plan, Do, Review
- Advising on the deployment of the school's delegated budget and other resources to meet pupils' needs effectively
- Monitoring relevant SEN CPD for all staff
- Managing the Inclusion team
- Overseeing the records of all children with special educational needs and ensuring they are up to date
- Liaising with parents/carers of children with special educational needs
- Contributing to the in-service training of staff
- Being a point of contact with external agencies, especially the local authority and its support services
- Liaising with early years providers, other schools, educational psychologists, health and social care professionals and independent or voluntary bodies
- Liaising with potential next providers of education to ensure a pupil and their parents/carers are informed about options and a smooth transition is planned
- Monitoring the impact of interventions provided for pupils with SEND
- To lead on the development of high quality SEND provision as an integral part of the school improvement plan
- Working with Principal and the school governors to ensure that the school meets its responsibilities under the Equality Act (2010) with regard to reasonable adjustments and access arrangements

All Teaching and Non-Teaching Staff:

- All staff are aware of the school's SEND policy and the procedures for identifying, assessing and making provision for pupils with special educational needs.
- Class teachers are fully involved in providing high quality teaching, differentiated for individual pupils. This includes reviewing and, where necessary, improving, their understanding of strategies to identify and support vulnerable pupils and their knowledge of the SEN most frequently encountered.
- Class teachers are responsible for setting suitable learning challenges and facilitating effective special educational provision in response to pupils' diverse needs in order to remove potential barriers to learning. This process should include working with the SENDCo

to carry out a clear analysis of the pupil's needs, drawing on the teacher's assessment and experience of the pupil as well as previous progress and attainment.

- Teaching assistants will liaise with the class teacher and SENDCo on planning, on pupil response and on progress in order to contribute effectively to the graduated response, (assess, plan, do, review).

Meeting Medical Needs

The Children and Families Act 2014 places a duty on schools to make arrangements to support pupils with medical conditions. Individual healthcare plans will normally specify the type and level of support required to meet the medical needs of such pupils.

Where children and young people also have SEN, their provision should be planned and delivered in a co-ordinated way, possibly using the support of an Early Help Plan. For those pupils with an Education, Health and Care (EHC) plan, this will be used as it brings together health and social care needs, as well as their special educational provision.

The school recognises that pupils at school with medical conditions should be properly supported so that they have full access to education, including school trips and physical education. Some children with medical conditions may be disabled and where this is the case the school will comply with its duties under the Equality Act 2010. ***Please see the schools Medical Policy for further details.***

Children in Hospital

The member of staff responsible for ensuring that pupils with health needs have proper access to education will liaise with other agencies and professionals*, as well as parents/carers, to ensure good communication and effective sharing of information. This will enable optimum opportunities for educational progress and achievement.

* E.g. *medical agencies, Hospital School, DPLS*

SEND Information Report

The school will ensure that the SEND information is assessable on the school websites. Governors have a legal duty to publish information on their websites about the implementation of the policy for pupils with SEN. The information published will be updated annually and any changes to the information occurring during the year will be updated as soon as possible.

Monitoring and Accountability

Accessibility

The Ruby Country Hub Schools are compliant with the Equality Act 2010 and Accessibility legislation. It is fully accessible for wheelchair users as the school is only on a ground floor level and has disabled toilet facilities.

The Ruby Country Hub Schools work hard to develop their accessibility and the schools' Accessibility Plan detailing how this is being developed can be accessed from the school website.

Storing and Managing Information

Pupil SEND records will be kept in accordance to the DfE guidance contained in "Statutory Policies for schools" (February 2014)

(https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/284301/statutory_schools_policies.pdf)

Responding to Complaints

In the first instance, parent complaints about the provision or organisation of SEND are dealt with through the procedures outlined in the School's Complaints Policy.

If there continues to be disagreement with regard to SEND provision the Local Authority should make arrangements that include the appointment of independent persons with a view to avoiding or resolving disagreements between the parents/carers and the school. This includes access to mediation before tribunal. Parents/carers have a right to appeal to a SEND tribunal at any stage.

Appendix 1 List of Assessment Tools and materials

Ruby Country Hub Schools, when assessing whether a student has SEN, use a variety of assessment tools and sources of data. In order to build as full a picture as possible of a student, we generally combine sources because we realise that any assessment is a 'snap shot' of the individual's ability at a given moment in time.

- EYFS Baseline, Year 1 Phonics, Year 2 SATS.

This summative data is collected annually.

- Half Termly assessment data for each individual child using school assessment system – using daily assessment for learning, moderation and ‘elicitation to end task’ progress data. These formative data are analysed, for individual children, to monitor progress.
- Speech Link and Language Link assessments. These are completed in Reception and KS1. Results then recommend further steps which may include referral to Speech and Language Specialists.
- WELCOM Language assessments in Reception
- Termly reading (NFER) and maths (White Rose Hub) assessment data for all year groups. This summative data can support teacher assessment.
- Spelling Assessments and diagnostic tool. These support identification of areas of weakness and determine the teacher of spelling strategies.
- Children have initial elicitation and final assessment tasks for each block of English and use WRH small steps in Maths - this enables the teacher to set personal learning targets for each child and track progress in specific areas. This summative information informs termly assessment data.
- Boxhall Profile; Strengths and Difficulties Questionnaires and Resilience scales to support social, emotional and mental health difficulties.

Appendix 2

Details of transition arrangements

Year	Transition support for all pupils	Additional transition support for pupils with SEN
------	-----------------------------------	---

<p>Pre-admission (include all activities undertaken to prepare pupils prior to entry)</p>	<ul style="list-style-type: none"> • Unattached pre-school Transition – children attend for visits prior to the term they start school for a number of sessions – half and full days, including lunch times. • Children attending FSU have a number of informal visits to enhance work of FSU undertaken over the year. 	<ul style="list-style-type: none"> • Liaison with other preschool settings and other agencies about the needs of the child.
<p>Year to Year transition and In-year admissions</p>	<ul style="list-style-type: none"> • Mixed age classes - additional visits and information sharing when going from KS1 to KS2 and when changing from Y2/3 to 4/5/6. • In year admissions –Principal/SENDCo meets with parents/carers to explain systems and procedures and the provision and expectations we have for all pupils. Discuss any specific requirements for pupils. Close liaison with incoming parents to ensure transition is as smooth as possible. Meeting with class teacher not long after children have started to go through class routines. Open door policy. 	<ul style="list-style-type: none"> • As previous but with very focussed discussion around needs, current provision and what we might need to put into place. • Liaise with previous school prior to pupil starting to gather information and ensure that we are fully prepared to meet and welcome new child.

<p>Transition from school e.g.: to Year 7 or to new primary school.</p>	<ul style="list-style-type: none"> • Liaise with Holsworthy Community College or another Secondary School if preferred. • Small school pre transition days (Holsworthy, Okehampton and Budehaven) • Daily visits to preferred Secondary School- additional individual and group visits if school deems it appropriate. • Year 7 Lead meets with pupils in Summer Term and focuses upon 'moving on'. • School prepares pupils as part of the PSHE and RSE programme. • Information on each pupil is provided by the school according to the details requested by the College. • Pupils with EHC Plans are involved in Annual Reviews to which transition schools are invited. • Pupil passports involving the input of the individual are used for transition of pupils with ASD or communication/interaction needs • Federation events with pupils – through sports and theatre visits etc. Joint residential trips between 3 federated primary schools. 	<ul style="list-style-type: none"> • SENDCo liaises with college giving additional information for those pupils requiring further support. • SENCDos from Secondary Schools invited to Statement /EHC reviews for children who are soon to move on. • Individual teacher assessments and needs forwarded in late Spring/early Summer of last year in Primary School.
